Term:

Terminable by Customer on two days' written notice to the Company and by the Company in the manner provided by law and the rules and regulations set forth in the Company's Schedule for Gas Service on file with the Public Service Commission.

Special Provisions:

(a) Electricity generated by customer is used to supply all or part of the electrical requirements of that customer and may also be used to supply: i) other customers within a defined geographical location which shall include customers that are eligible to be served by a cogeneration facility, as defined in Section 2 of the New York Public Service Law that is less than 50 Megawatts and/or ii) the local electric utility via net metering.

(b) The Company reserves the right to accept only such applications under this service classification as will, in the Company's sole judgment, permit it to sell the gas it has available for sale without requiring an unreasonable or uneconomic extension of facilities.

(c) In no event shall the Company be obligated to incur any additional costs for additional facilities necessary to provide transportation service hereunder. Nonetheless, in the event the Company elects to incur such costs, the costs of any additional facilities, including but not limited to any necessary telemetering equipment, that in the Company's sole judgment are required or must be incurred by the Company to provide transportation service, shall be the sole responsibility of the Customer, and shall be payable in full prior to the initiation of service hereunder. If the customer's average annual load factor is not at least 50%, the customer will be placed on the otherwise applicable rate for one year unless there are mitigating circumstances, which in the Company’s sole discretion, supports allowing the customer to remain on this service classification.

(i) Except as otherwise provided for elsewhere in this service classification, with respect to metering, balancing and curtailment issues, customers taking service under this service classification will be subject to the rights and responsibilities as those under otherwise applicable firm rates.

Charge for Late Payment:
