Re: Case 23-G-0225 – Proceeding on Motion of the Commission as to the Rates, Charges, Rules and Regulations of The Brooklyn Union Gas Company d/b/a National Grid NY for Gas Service.

Dear Secretary Phillips:

In accordance with Ordering Clause No. 3 of the Public Service Commission's (the "Commission") "Order Approving Terms of Joint Proposal and Establishing Gas Rate Plans, With Minor Modifications and Corrections," (Issued and Effective August 15, 2024) in Case 23-G-0225 (the "Order"), The Brooklyn Union Gas Company d/b/a National Grid NY (the "Company") submits for filing via the Commission's Electronic Tariff System ("ETS") the amended gas tariff leaves, statements, and supplements listed on Attachment A. The amendments are necessary to effectuate the terms of the Order for Rate Year 1 beginning April 1, 2024, and will take effect on September 1, 2024, on a temporary basis. The Company also includes as Attachment B, revised versions of Appendices 3 and 9 to the Joint Proposal.

Among other things, the filing, cancels the Rate Adjustment Clause and Newtown Creek Revenue Reconciliation, updates the Statement of Energy Affordability Program Credit, and incorporates Emergency Response Exclusion Procedures in Appendix 9.

This filing is made in accordance with Appendix 7-H to the Commission's Codes, Rules and Regulations (16 NYCRR, Appendix 7-H). As required by Ordering Clause No. 6, the Company electronically served the filing on active parties to the above-captioned case. Within six weeks of the effective date of the amendments, the Company will also file proof that it properly published notice of the changes set forth in the amendments and their effective date.

Please contact me if you have any questions regarding this filing. Thank you for your time and attention to this matter.

Respectfully Submitted,

Kristoffer P. Kiefer

Compliance Measure Procedure

I. Emergency Response Exclusion Procedure

Instances of 20 or more emergency reports within a 2-hour period resulting from mass area odor complaints, major weather-related events, or major equipment failure that is not caused by the Company may be excluded from the emergency response measure provided an informational filing is made within the respective case number. All emergency reports from an event shall be included in the exclusion filing. The exclusion filing shall: (1) be filed within 2 weeks, or 10 working days from the conclusion of such an event; (2) detail how and why the event met the prescribed exclusion criteria; (3) detail the number of emergency reports to be excluded; (4) detail the Company's response time for each of the emergency reports; and (5) detail any classified leaks, their respective Company identification numbers, and their respective dispositions, that resulted from the emergency reports. This exclusion, as well as the right to petition the Commission as discussed below, applies to the 30-Minute Response Time; 45-Minute Response Time, and 60-Minute Response Time measures.

The Companies will each report their emergency response time annual performance to the Secretary to the Commission no later than March 15 of the following calendar year. If a performance metric is not met, the associated negative revenue adjustment will be excused when the Companies can demonstrate to the Commission extenuating circumstances that prevented the Company from meeting such performance metric. The determination of whether such circumstances exist will be made on a case-by-case basis by the Commission.

II. Gas Regulations Performance Measure Procedure

Applicability

The compliance measure applies to instances of non-compliances (occurrences or violations) of certain gas pipeline safety-related regulations set forth below that are identified and included in Staff's record and field audit letters. The categorization of non-compliances as high risk or other risk is for administrative purposes and does not constitute an admission by The Brooklyn Union Gas Company d/b/a National Grid NY (KEDNY) or KeySpan Gas East Corporation d/b/a National Grid (KEDLI), referred to individually as "the operator," as to the level of risk associated with any such regulation or the non-compliance thereunder, or that there is any risk associated with the non-compliance.

The compliance measure covers the calendar years associated with the rate proceeding in Case 23-G-0225 for KEDNY and in Case 23-G-0226 for KEDLI and shall remain in effect until changed by the Commission.

Targets

The operator will incur negative revenue adjustments for each high risk and other risk non-compliance as set forth in the following tables:

2024 through 2026 Field Audits		
Associated Risk	Target (Number of Non-Compliances)	Negative Revenue Adjustment (Basis Points per Non-Compliance)
High Risk	1 to 10	0.50
High Risk	Greater than 10	1.00
Other Risk	Greater than 0	0.25

For field audits, only actions performed or required to be performed by the operator in the calendar year the audit is conducted may constitute a non-compliance under this measure.

2024 through 2026 Record Audits		
Associated Risk	Target (Number of Non-Compliances)	Negative Revenue Adjustment (Basis Points per Non-Compliance)
High Risk	1 to 5	0
High Risk	6 to 10	0.50
High Risk	Greater than 10	1.00
Other Risk	Greater than 10	0.25

For record audits, only documentation required to be performed during the calendar year prior to the calendar year in which the record audit is conducted may constitute a non-compliance under this measure. Unless it is a continuing violation from prior years, in which case it may constitute a non-compliance under this measure.

Field and Record Audits

On a calendar year basis, Staff conducts field and record audits to determine the operator’s compliance with the pipeline safety regulations contained in 16 NYCRR §§10, 232, 255, 257, 258, 259, 261, 262, 293, 420, 733, and 753, Title 49 of United States Code of Federal Regulations (49 CFR) §193, and the relevant statutory provisions in General Business Law and Public Service Law. At the conclusion of each audit, Staff will present its findings at a compliance meeting to the operator.

The operator shall have ten business days from the date of

the compliance meeting to cure any identified document deficiency. Only official operator records, as defined in the operator's operating and maintenance procedures, shall be considered by Staff as a cure to a document deficiency. Staff shall provide the operator with the field and record audit letters and shall file the letters in Cases 23-G-0225 and 23-G-0226, respectively. Only non-compliances identified and included in Staff's field and record audit letters shall be considered for the compliance measure.

The field and record audit letters require, if applicable, that the operator respond within thirty days of the audit letter detailing what actions have and/or will be taken by the operator to remediate the non-compliances and to address Staff's concerns, and to prevent future reoccurrences. The operator's response may also include any disputes related to the non-compliance, including but not limited to, sufficient arguments regarding the appropriateness of applying a negative revenue adjustment. The operator shall file, if applicable, its response to an audit letter in Cases 23-G-0225 and 23-G-0226, respectively.

In addition, should the operator address non-compliances of a single regulation in excess of ten per audit type (field or record) per calendar year through a remediation plan, the operator shall file the remediation plan within ninety days of Staff's field or record audit letters in Cases 23-G-0225 and 23-G-0226, respectively. The remediation plan shall include, at a minimum, an analysis for the non-compliances, and an explanation of how the non-compliances will be resolved, including the dates by which the non-compliances will be brought into compliance or, where appropriate, when remedial actions will be taken to prevent future recurrence.

Staff then will review and consider each non-compliance for applicability with the compliance measure on a case-by-case basis. Non-compliances subject to a separate penalty proceeding under Public Service Law Section 25 or 25-a, and non-compliances for which sufficient arguments have been raised regarding the appropriateness of a negative revenue adjustment, will be excluded from consideration. Once reviewed and the circumstances considered, Staff shall file the negative revenue adjustment letter in Cases 23-G-0225 and 23-G-0226, respectively.

Negative Revenue Adjustments

The operator will incur negative revenues adjustments for each high risk and other risk non-compliance up to a combined

maximum of seventy-five basis points per calendar year, as per the above targets, and the Joint Proposal in Cases 23-G-0225 and 23-G-0226, respectively.

The number of non-compliances, for any applicable regulation, may be capped at ten per audit type (field or record) per calendar year provided a remediation plan is filed in Cases 23-G-0225 and 23-G-0226, respectively. If the operator files a remediation plan, it shall include, at a minimum, an analysis for the non-compliances, and an explanation of how the non-compliances will be resolved, including the dates by which the non-compliances will be brought into compliance or, where appropriate, when remedial actions will be taken to prevent future recurrence.

Remediation plans shall be filed with the Secretary to the Commission within ninety days of Staff's field or record audit letters. If the operator fails to file a remediation plan or fails to comply with the provisions of its remediation plan, those non-compliances in excess of ten shall be incorporated with the remainder of the non-compliances being considered under this measure.

If the operator elects to dispute the non-compliances or negative revenue adjustments, or to seek exclusions of certain non-compliances based on extenuating circumstances, the operator shall file a petition within sixty days of Staff's negative revenue adjustment letter in Cases 23-G-0225 and 23-G-0226, respectively. For those disputed items or exclusions, the operator will not incur a negative revenue adjustment until the Commission has issued a determination. Prior to the issuance of a determination, the Commission may, in its discretion, provide the operator with an evidentiary hearing.

The operator does not waive its right to seek judicial appeal of any Commission determination under applicable law. Should the operator elect to seek judicial appeal of any Commission determination under applicable law, the operator will not incur a negative revenue adjustment until such time that the judicial review is complete, and a determination rendered.

If a non-compliance is the subject of a separate penalty proceeding under Public Service Law Section 25 or 25-a, the non-compliance shall not be considered for the compliance measure.

If a non-compliance has a corresponding procedural non-compliance under 16 NYCRR §255.603(d), both non-compliances shall be considered as a single non-compliance for the compliance measure.

Risk Rankings

The pipeline safety regulations are contained in 16 NYCRR §§10, 232, 255, 257, 258, 259, 261, 262, 293, 420, 733, and 753, 49 CFR §193, and the relevant statutory provisions contained in General Business Law and Public Service Law. Set forth below are the high risk and other risk pipeline safety regulations being considered for the compliance measure.
