Case
19-G-0310 – Proceeding on Motion of the Commission as to the Rates, Charges, Rules and Regulations of KeySpan Gas East Corporation d/b/a National Grid for Gas Service

Dear Secretary Phillips:

Please find my statement of opposition to The Company's Joint Proposal for filing in the above mentioned cases.

I am a lifelong New Yorker, an artist, an activist and a homeowner who cares deeply about the future of the city and the people who live and work here. It is my belief that we have to stop looking at the challenges that face us as separate issues and treat the City holistically. Solving our energy needs must take into account all aspects of our goals as New Yorkers which include: sustainable answers to climate change, environmental justice and quality of life for all New Yorkers. This Joint Proposal in no way reflects any of those imperatives. The fact that the City of New York has not signed on to this proposal seems to me to be an affirmation that we have to do more. I oppose the Joint Proposal and encourage the Public Service Commission to find better solutions.

Respectfully submitted,

Nina Meledandri
