New York Geothermal Organization (NY-GEO) Letter in Support of AGREE's Motion for Post-Hearing Briefs and Sur-replies

Dear Administrative Law Judges Costello and Leary:

New York Geothermal Organization (NY-GEO) submits this letter in support of AGREE and Sane Energy's joint motion seeking leave to file post-hearing briefs (and alternatively sur-reply statements in opposition to the Joint Proposal). In our letter supporting the joint proposal, NY-GEO identified grave concern that, relative to gas utilities, New York State is not currently on track to adequately contribute to meeting the Climate Leadership and Community Protection Act (CLCPA) legal mandates to reduce carbon emissions by 40% by 2030 and 85% by 2050. AGREE's request is related to NY-GEO's concern and we believe additional information resulting from this motion will be important in this and subsequent cases. Given the many unique aspects of this KEDNY/KEDLI rate case NY-GEO believes the request is reasonable and will result in a more

comprehensive, accurate record in these proceedings. Please consider allowing the motion.

Sincerely

Bill Nowak, Executive Director
