Opposition to
Case 19-G-0309 – Proceeding on Motion of the Commission as to the Rates, Charges, Rules and Regulations of The Brooklyn Union Gas Company d/b/a National Grid NY for Gas Service Case
19-G-0310 – Proceeding on Motion of the Commission as to the Rates, Charges, Rules and Regulations of KeySpan Gas East Corporation d/b/a National Grid for Gas Service

I'm a homeowner and I've proudly lived in NYC for nearly 30 years. I joined the rate case to support the health and wellbeing of everyone who lives here. The Joint Proposal agreed upon by National Grid and the PSC will do the contrary. By not structuring a plan that reduces gas, the health and wellbeing of New York's citizens are actually threatened by this Proposal. We can no longer do business as usual and turn our backs on the people who live next to the LNG plant, and on top of the pipeline. I oppose this Joint Proposal.
