Three Empire State Plaza, Agency Building 3
Albany, NY 12223

Re: Case 23-G-0225 Proceeding on Motion of the Commission as to the Rates, Charges, Rules and Regulations of The Brooklyn Union Gas Company d/b/a National Grid NY for Gas Service.

Case 23-G-0226 Proceeding on Motion of the Commission as to the Rates, Charges, Rules and Regulations of KeySpan Gas East Corporation d/b/a National Grid for Gas Service.

Dear Judges Leary and Costello:

We are writing on behalf of the Public Utility Law Project of New York ("PULP") in the above-captioned rate cases. While PULP will not be filing a formal Statement in Reply, new information regarding the data underpinning our Statement in Opposition of the Joint Proposal ("Statement in Opposition") has been provided, and we write now in contribution to the record.

In PULP's Statement in Opposition, filed with the Department on May 1, 2024, we expressed our deep concern with the proposed bill impacts that would occur if the Joint Proposal were to be adopted in its current form. Part of our concern stemmed from the Companies' response to PULP-061 and PULP-062, in which the Companies provided the proposed bill impacts for its Energy Affordability Program ("EAP") customers, excluding Tier 1. These responses were sent to the parties on April 22, 2024. PULP also included them as an Appendix to our Statement in Opposition.

On May 8, 2024, the Companies provided amended responses to PULP-061 and PULP-062 after identifying "an inadvertent discrepancy between the allocation of the capped discounts among the four tiers and the calculation methodology set forth in the [EAP] workbook." Specifically, the bill impacts for KEDNY customers were adjusted downward. PULP has included these amended responses as two Appendices to this letter.

PULP appreciates the Companies' diligence in providing this updated information. Nevertheless, our concerns regarding the Joint Proposal remain the same. Therefore, PULP maintains our opposition to the Joint Proposal in its current form. We respectfully request that Your Honors

recommend to the Public Service Commission that it adopt the modifications to the Joint Proposal as recommended by PULP in our Statement in Opposition.

Respectfully Submitted,

/s/

Andrew Saavedra, Esq.

KEDNY KEDLI Case 23-G-0225/0226 Data Requests

Request for Information

FROM: Theresa Hotte

TO: National Grid

SUBJECT: Bill Impacts

Request:

Unless otherwise specified, please provide responses separately for both KEDNY and KEDLI. Additionally, all references to "customers" are for residential customers only.

Please provide the delivery bill percentage impacts for average usage customers for each tier of EAP for both heating and non-heating customers (excluding tier 1).

Response:

The Company is providing this amended response in accordance with 16 NYCRR §5.7. Upon further review of the KEDNY low-income discount calculation included in response to PULP-061, the Company identified an inadvertent discrepancy between the allocation of the capped discounts among the four tiers and the calculation methodology set forth in the Energy Affordability Program ("EAP") workbook. The Company submits this amended response showing the total delivery bill dollar and percentage impacts for average monthly usage for Tiers 2-4 consistent with the EAP workbook methodology.

1. Current vs. Proposed

KEDNY	Non-Heat (Average usage = 6 Therms)			
Tiers	Total Delivery $ Current	Total Delivery $ Proposed	Difference $	Delivery % Change
Tiers 2 - 4	$24.60	$30.56	$5.96	24.20%

KEDNY	Heat (Average usage = 91 Therms)			
Tiers	Total Delivery $ Current	Total Delivery $ Proposed	Difference $	Delivery % Change
Tier 2	$ 43.00	$ 62.24	$ 19.24	44.74%
Tier 3	$ 21.34	$ 37.88	$ 16.54	77.51%
Tier 4	$ 27.83	$ 45.17	$ 17.35	62.34%

2. Rate Year 1 vs. Rate Year 2

KEDNY	Non-Heat (Average usage = 6 Therms)			
Tiers	Total Delivery $ RY1	Total Delivery $ RY2	Difference $	Delivery % Change
Tiers 2 - 4	$30.56	$33.72	$3.16	10.33%

KEDNY KEDLI Case 23-G-0225/0226 Data Requests

Request for Information

FROM: Theresa Hotte

TO: National Grid

SUBJECT: Bill Impacts

Request:

Unless otherwise specified, please provide responses separately for both KEDNY and KEDLI. Additionally, all references to "customers" are for residential customers only.

Please provide a table showing EAP delivery bill impacts, by usage level, for each of the tiers (excluding tier 1).

Response:

As explained in the response to PULP-61 (Amended), upon further review of the KEDNY low-income discount calculation included in response to PULP-061, the Company identified an inadvertent discrepancy between the allocation of the capped discounts among the four tiers and the calculation methodology set forth in the Energy Affordability Program ("EAP") workbook. The Company submits this amended response specific to KEDNY only to provide amended bill impacts. The attachments provided in the response to PULP-62 for KEDLI do not require update.

Attachment 1 provides the KEDNY bill impacts for current vs. proposed Rate Year 1. **Attachment 2** provides the KEDNY bill impacts for Rate Year 1 vs. Rate Year 2. **Attachment 3** provides the KEDNY bill impacts for Rate Year 2 vs. Rate Year 3. **Attachment 4** is an updated version of Appendix 1 that was included in the Companies' Statement of Support.

As explained in the Company's response to PULP-061, the bill impacts depict a snapshot of average usage for an EAP customer. It is important to note, however, that these impacts are not necessarily reflective of the average bill increase a typical EAP customer may experience for the following reasons:

- The average bill assumes, for KEDLI, as an example, 79 therms per month. Over the course of the Rate Year, more than half of the months have usage lower than 79 therms.

- The calculation of annual EAP discounts is based on a hybrid average low-income bill that combines an historical three-year weighted monthly average commodity bill with a forecast year delivery bill and assumes three-year historic average usage. As a result, there will be differences when comparing EAP discounts that are intended to keep the average bill at the 6% energy burden and what customers may actually experience throughout that Rate Year depending on actual usage each month.

- Specific to KEDNY, the calculation of Heating EAP discounts for Rate Years One through Three was limited to the 2% budget cap in accordance with the EAP Order. As a result, the 6% energy burden was not able to be maintained which is why we are seeing higher monthly bill impacts for KEDNY Heating EAP customers.

- For KEDLI, the 2% budget cap was not a factor.
