# Corrections and Updates Testimony

**of**

**Gas Supply Panel**

**Dated: June 30, 2023**

**Q. Please identify the members of the Gas Supply Panel.**

A. The Gas Supply Panel ("Panel") consists of Elizabeth D. Arangio, Samara Jaffe, and Robert K. Moore.

**Q. Is this the same Panel that previously submitted direct testimony on behalf of The Brooklyn Union Gas Company d/b/a National Grid NY ("KEDNY") and Keyspan Gas East Corporation d/b/a National Grid ("KEDLI") in these proceedings?**

A. Yes. The terms defined in the Panel's direct testimony have the same meanings here.

**Q. What is the purpose of the Panel's corrections and updates testimony?**

A. The purpose of our testimony is to provide updates and corrections to certain exhibits based on:

- An updated gas sales forecast provided by the Gas Load Forecasting Panel;
- An updated forecast cost of gas based on updated NYMEX pricing as of May 26, 2023;
- Corrections to fixed costs in Exhibit__ (GSP-7) Forecast of Purchased Gas Expense as the Companies inadvertently excluded a portion of fixed costs in their initial filing; and
- Updated non-migration and off-system sales ("OSS") revenues to include all data for FY 2023 (through March 2023).

**Q. Has the Panel prepared any exhibits to reflect the corrections and updates?**

A. Yes. The following exhibits were prepared by the Panel or under its direction and supervision to reflect the corrections and updates:

- Exhibit__(GSP-4CU): KEDNY/KEDLI Projected Monthly Gas Stored Volumes and Dollars for the Rate Year and Data Years Summarized by Market Area, Gulf Coast, and Liquid Natural Gas ("LNG") storage;
- Exhibit__(GSP-6CU): KEDNY/KEDLI Forecast of Variable Gas Expense for the twelve months ending ("TME") March 31, 2025, 2026, 2027, and 2028;
- Exhibit__(GSP-7CU): KEDNY/KEDLI Forecast of Purchased Gas Expense for the TME March 31, 2025, 2026, 2027, and 2028;
- Exhibit__(GSP-8CU): KEDNY and KEDLI Estimated Marginal Commodity Cost of Gas;
- Exhibit__(GSP-10CU): KEDNY and KEDLI Non-Migration Capacity Release Revenues; and
- Exhibit__(GSP-11CU): KEDNY and KEDLI OSS Transaction Revenues.

**Q. Please describe the impact of the updated gas sales forecast to the exhibits.**

A. Overall, the impact of the updated gas sales forecast was minimal as customer requirements decreased less than one percent.

**Q. Please describe the impact of the updated NYMEX pricing to the exhibits.**

A. The updated NYMEX pricing as of May 26, 2023 reflects a decrease in forecast commodity costs. Specifically, the projected storage dollars and forecast variable

gas expense both decreased by approximately ten percent. Additionally, marginal commodity cost of gas decreased by 25 percent.

**Q. Please describe the updates and corrections made to Exhibit__ (GSP-7).**

A. In addition to being updated to reflect the May 26, 2023 NYMEX pricing, this exhibit was also updated to reflect the correct amount of Total Fixed Costs. In the Company's April 2023 filing, only KEDLI fixed costs were included for each of the twelve month periods in Exhibit__ (GSP-7), Forecast of Purchased Gas Expense. The exhibit was corrected to include both KEDLI and KEDNY fixed costs in each of the twelve-month periods. The omission only impacted this exhibit.

**Q. Please describe the impact of the updates to non-migration and OSS revenues to the exhibits.**

A. The total non-migration capacity release and OSS revenues increased by approximately two percent and ten percent, respectively.

**Q. Does the Panel have any other corrections or updates to its testimony or exhibits?**

A. No.

**Q. Does this conclude your testimony?**

A. Yes, it does.
