Before the Public Service Commission

THE BROOKLYN UNION GAS COMPANY d/b/a NATIONAL GRID NY

And

KEYSPAN GAS EAST CORPORATION d/b/a NATIONAL GRID

Corrections and Updates Testimony

of

The Human Resources Panel

Dated: June 30, 2023

Q. Please introduce the members of the Human Resources Panel.

A. The members of the Human Resources Panel are Maureen P. Heaphy and Vishal Singh. This is the same Panel that submitted direct testimony as part of the Companies' April 28, 2023 filing. The terms defined in the Panel's direct testimony have the same meaning here.

Q. What is the purpose of the Panel's corrections and updates testimony?

A. The purpose of the Panel's corrections and updates testimony is to update the employee headcount figures used in determining the revenue requirements to reflect developments since the case was filed.

Q. Does the Panel sponsor any exhibits as part of the corrections and updates testimony?

A. Yes. Exhibit ___ (HRP-1CU) sets forth an updated list of the positions that National Grid forecasts to be filled prior to the end of the Rate Year and Data Years. This exhibit was prepared under the Panel's direction and supervision.

Q. Please describe the basis for the change in employee headcount since the case was filed.

A. In the Panel's direct testimony (at page 9), the Panel indicated that National Grid expected to fill 234 incremental positions before the end of the Rate Year and forecast the need for 310 incremental positions by the end of Data Year 3. Exhibit ___ (HRP-1CU) sets forth an updated list of the positions that National Grid forecasts to be filled: 232 and 308 incremental positions before the end of the Rate Year and Data Years, respectively. These headcount updates are explained in the Corrections and Updates Testimony of the following witness panels: Customer Panel, Gas Infrastructure and Operations Panel, and Gas Safety Panel.

Q. Does this conclude your corrections and updates testimony?

A. Yes, it does.

INDEX OF EXHIBITS

Exhibit ___ (HRP-1CU) National Grid Incremental FTEs

Exhibit ___ (HRP-1CU)
