Before the Public Service Commission

THE BROOKLYN UNION GAS COMPANY d/b/a NATIONAL GRID NY

Third Supplemental Testimony

of

Revenue Requirements Panel

Date: January 29, 2020

Table of Contents

I. Introduction....1

II. Purpose of Testimony....1

III. Updates to the Revenue Requirement....2

IV. Conclusion....7

I. Introduction

Q. Please identify the members of the Revenue Requirements Panel.

A. The Panel consists of James M. Molloy, David B. Doxsee, and Stephanie A. Briggs.

Q. Is this the same Panel that previously submitted testimony on behalf of The Brooklyn Union Gas Company d/b/a National Grid NY ("KEDNY" or "Company") in this proceeding?

A. Yes. Previously defined terms have the same meanings here.

II. Purpose of Testimony

Q. What is the purpose of the Panel's third supplemental testimony?

A. On January 21, 2020, the Administrative Law Judges in this proceeding issued the "Ruling Requiring Additional Testimony Related to Energy Efficiency Initiative Order," requiring the Company to file testimony addressing the impact of the Commission's recent "Order Authorizing Utility Energy Efficiency and Building Electrification Portfolios Through 2025," issued January 16, 2020 in Case 18-M-0084 ("NE:NY Order"), on the Company's rate filing. Accordingly, the Panel's third supplemental testimony updates KEDNY's revenue requirement to reflect the impacts of the NE:NY Order.

Q. Does the Panel's third supplemental testimony include any exhibits?

A. Yes. The Panel's third supplemental testimony includes the following exhibits that were prepared by or compiled under our direction and supervision:

Exhibit __ (RRP-1TS)	Summary Revenue Requirement Pages for the Historic Test Year Ended December 31, 2018 and Rate Year Ending March 31, 2021 (Third Supplemental);
Exhibit __ (RRP-2TS)	FTE Schedule
Exhibit __ (RRP-3TS)	Revenue Forecast (Third Supplemental)
Exhibit __ (RRP-4TS)	Response to Information Requests

III. <u>Updates to the Revenue Requirement</u>

Q. Please explain the impact of the NE:NY Order on the Company's revenue requirement.

A. As supported by the Future of Heat Panel, the Company used the energy efficiency targets and budgets set forth in the Commission's December 13, 2018 "Order Adopting Accelerated Energy Efficiency Targets" in Case 18-M-0084 ("Accelerated Efficiency Order") to set the proposed Rate Year energy efficiency rate allowance of $18.487 million. This amount was exclusive of $0.255 million of pass through Clean Energy Fund expenses and $0.924 million of evaluation, measurement, and verification

("EM&V") costs that the Company originally proposed to move to base rates and track outside of the energy efficiency portfolio.

The NE:NY Order increased KEDNY's energy efficiency budget by an incremental $0.070 million in the Rate Year, as compared to the budget established in the Accelerated Efficiency Order. In addition, the NE:NY Order provided that EM&V costs are included in the authorized energy efficiency budgets established by the Commission. Based on the foregoing, KEDNY is adjusting its revenue requirement to incorporate the incremental energy efficiency budget increase and remove EM&V costs from base rates. Table 1 on page 5 summarizes the changes to the revenue requirement.

Q. Is the Company proposing any additional updates to the revenue requirement to address the impacts of the NE:NY Order?

A. Yes. As explained by the Future of Heat Panel, to meet the new targets set forth in the NE:NY Order, address the compliance and reporting requirements, and to help optimize the energy efficiency portfolio to achieve maximum customer benefits, the Company updated the revenue requirement to reflect KEDNY's allocable share of eight incremental FTEs. KEDNY proposes to phase in the FTEs throughout the Rate Year and Data

Year 1 as it implements the provisions of the EE Order. The request increases the revenue requirement by $0.203 million in the Rate Year.

Q. Does the Panel have any additional comments about the NE:NY Order?

A. Yes. The Company recognizes the Commission's expectation in the NE:NY Order that any uncommitted and unspent energy efficiency funds be applied to mitigate the cost of expanded energy efficiency programs. While KEDNY generally supports the use of regulatory liabilities to mitigate customer bills, the Company has concern for using significant regulatory liabilities to offset the revenue requirement in this case without considering the cash flow implications, the Company's regulatory asset position, and the long-term ratemaking implication. Indeed, KEDNY has a significant regulatory asset balance on its books that the Company is not proposing to recover from customers in this rate filing - but must be addressed eventually. Therefore, the Company believes there must be a balance between the appropriate level of regulatory liabilities used now and those reserved for future rate mitigation.

Q. What is the updated revenue requirement?

A. As shown in Exhibit ___ (RRP-1TS), Page 1, the updated Rate Year revenue requirement is $199.594 million, a decrease of $0.107 million from

the revenue requirement set forth in the Company's second supplemental filing. Table 1 summarizes the updates to the revenue requirement.

Table 1 – Revenue Requirement Update

			($000's)
Revenue Requirement Second Supplemental			$ 199,701
EE O&M:			
NENY Order	70		
EM&V	(924)		
Net EE O&M Change			(854)
EE Incremental FTE - O&M			203
Decrease Revenue forecast	1,304		
Decrease in Purchased Gas Costs & GRT	(563)		
Net Decrease in Gross Margin for EE Order			741
Correction (O&M, Gross Margin)			(50)
Return on Rate Base (Working Capital flow through)			(96)
Impact on GRT & Uncollectible			(51)
Change in Revenue Requirement			(107)
Revenue Requirement Third Supplemental			$ 199,594

Q. Please describe Exhibit ___ (RRP-1TS).

A. Exhibit ___ (RRP-1TS), Page 1, presents the calculation of KEDNY's operating income for the Historic Test Year and Rate Year reflecting the impacts of the NE:NY Order and the corrections to revenues described below.

Q. Please explain the changes to the revenue forecast.

A. The Company's second supplemental filing reflected a Rate Year revenue forecast at present rates of $1,804.200 million. Subsequently, the Company's response to IR DPS-1061 (*see* Exhibit ___ (RRP-4TS)) corrected Rate Year commodity revenues for a total revenue forecast at present rates of $1,782.088 million. The Company's third supplemental filing includes the correction of revenues as discussed in the Company's response to IR DPS-1061, in addition to the changes to the sales forecast, as supported by Company Witness Poe, as a result of the NE:NY Order. The Company's Rate Year revenue forecast at present rates includes updates to base delivery revenue, merchant function charge revenue, commodity revenues, gross receipts tax revenues, and late payment charges. In addition, the Company made an update to its ETIP revenues to equal the estimated fiscal year ETIP budget, as prescribed in the NE:NY Order. As shown in Exhibit ___ (RRP-3TS), Page 1, the updated revenue forecast at

present rates is $1,780.894 million, a decrease of $1.194 million from the Company's response to IR DPS-1061.

Q. Please discuss the update to federal and state income taxes.

A. A forecast of federal and state income tax forecasts reflecting flow-through adjustments associated with the discrete adjustments described by this Panel is presented in Exhibit ___ (RRP-1TS), Page 3.

Q. Please explain the changes to rate base.

A. Exhibit ___ (RRP-1TS), Page 5, includes the rate base summary reflecting the working capital O&M cash allowance impacts of the O&M expense changes.

IV. Conclusion

Q. Does that conclude the Panel's third supplemental testimony?

A. Yes.

INDEX OF EXHIBITS

Exhibit __ (RRP-1TS): Summary Revenue Requirement Pages for the Historic Test Year Ended December 31, 2018 and Rate Year Ending March 31, 2021 (Third Supplemental)

Exhibit __ (RRP-2TS): FTE Schedule

Exhibit __ (RRP-3TS): Revenue Forecast (Third Supplemental)

Third Supplemental Direct Testimony of the Revenue Requirements Panel

Exhibit ___ (RRP-4TS)

Response to Information Requests

Date of Request: December 30, 2019 Request No. DPS-1061
Due Date: January 9, 2020 NG Request No. NG-1421

KEYSPAN GAS EAST CORPORATION d/b/a NATIONAL GRID
THE BROOKLYN UNION GAS COMPANY d/b/a NATIONAL GRID NY
Case Nos. 19-G-0309 & 19-G-0310
Gas Utilities Rates

Request for Information

FROM: DPS Staff, Scott McAdoo

TO: National Grid, Revenue Requirements Panel

SUBJECT: Second Supplemental Testimony Price-Out

Request:

Note: In all interrogatories, all requests for workpapers or supporting calculations shall be construed as requesting any Word, Excel or other computer spreadsheet models in original electronic format with all formulae intact and unlocked.

1. In the technical conference regarding the second supplemental filing on Thursday December 19, 2019, there was an error identified in the commodity revenue for KEDNY. Provide updated exhibits to reflect the correction of this error.

2. Provide Exhibit___(RRP-3SS) for both KEDNY and KEDLI in Excel file format including the correction mentioned in Question 1, above, and include all supporting documentation and workpapers in the same format as Exhibit___RDP-16 Workpapers to RDP-2 Workpapers in Companies' original filing.

Response:

1. Please see Attachment 1 (KEDNY) for the updated exhibit that reflects the error identified in the commodity revenues. As discussed with Staff on January 6, 2020, please see Attachment 11 (KEDLI) for the updated exhibit that reflects a correction of the GRT revenue forecast which was a result of an erroneous Metropolitan Transit Authority ("MTA") tax surcharge rate.

2. Please see Attachments 2 through 6 for the updated KEDNY commodity revenue forecast and associated workpapers. Please see Attachments 7 through 10 for the updated KEDLI GRT revenue forecast and associated workpapers.
